WORK EXPERIENCE

Software Development Intern

Helper4U Services LLP

Mumbai, Maharashtra

Dec 2023 - Aug 2024

- Developed frontend and backend of websites using Next.js and Express.js.
- Created 150+ REST APIs.
- Enhanced code performance through optimization techniques.
- Implemented responsive web design principles to guarantee seamless user experiences across various devices.

PROJECTS

- **PolyConnectHub** - ReactJs, ExpressJs, Tailwind CSS, MongoDB, MUI, Cloudinary | [Link](#) [GitHub](#)
Developed **PolyConnectHub**, a centralized platform designed to showcase and manage a comprehensive repository of projects created by polytechnic colleges.
 - Features three dedicated dashboards for:
 - * **Super Admin:** Oversee platform operations and manage users.
 - * **Points of Contact (POCs):** Represent individual colleges and facilitate project uploads.
 - * **Heads of Departments (HODs):** Verify and approve projects for public viewing.
 - Enables students to explore and engage with previous projects for academic learning and professional development.
- **IT - DEPT** - ReactJs, ExpressJs, Tailwind CSS, MongoDB, Cloudinary, Firebase | [Link](#) [GitHub](#)
 - Designed and developed a dynamic website for the IT Department of Government Polytechnic Mumbai, serving as a central hub for departmental information, ensuring accessibility and transparency.
 - Developed dedicated dashboards for Admin, Faculty, and Students to manage study materials, timetables, and other academic resources.
 - Integrated a discussion forum to foster collaboration, communication, and knowledge sharing among students and faculty.

ACHIEVEMENTS & OTHER ACTIVITIES

- **Topper** of Information Technology Department for Academic Year 2023-2024 with 98.20%.
- **Winner of Technothon-24**, a 24 hours Hackathon organized by V.E.S. Polytechnic.
- **Winner of MindFizz** a Quiz competition of the state level technical event TECHKNOW-23 organized by Department of Computer Engineering, Government Polytechnic, Mumbai.
- **Code Odyssey 3.0** - Qualified in top 25 teams for Code Odyssey 3.0 Hackathon organised by Computer Society of India, K J Somaiya Institute of Technology.
- **GeeksForGeeks Article** [view](#)
